ONWARD

And Firmness Were the Ideas of President McKinley's Ringing Acceptance Speech.

TAKE NO BACKWARD STEPS

But Old Glory Will Forever Float to the Breeze on Sea and Land, the Emblem of Progress.

PROMISES HAVE ALL BEEN KEPT

CANTON, O., July 13.—Yesterday President McKinley, in answering Senator Lodge and the committee of notification of his nomination for reelection, repeated a statement made four years ago, in regard to upholding the honor of the United States, and quoted the record of his administration, adding:

"The people are not unfamiliar with what has been accomplished. The gold standard has been reaffirmed and strengthened. The endless chain has been broken and the drain upon our gold reserves no longer frets us. The credit of the country has been advanced to the highest place among all nations. We are refunding our bonded debt, bearing 3 and 4 per cent. interest, at 2 per cent, a lower rate than that of any other country, and already more than 300,000,000 have been so funded, with a gain to the government of many millions of dollars. Instead of 16 to 1, for which our opponents contended four years ago, legislation has been enacted which, while utilizing all forms of money, secures one fixed value for every dollar, and that the best known to the civilized world.

"A tariff which protects American labor and industry, and provides ample revenues, has been written in public law. We have lower interest and higher wages, more money and fewer mortgages. The world's markets have been opened to American products, which go now where they have never gone before. We have passed from a bond issuing to a bond-paying nation; from a nation of borrowers to a nation of lenders; from a deficiency in the revenue to a surplus; from fear to confidence; from enforced idleness to profitable employment. The public faith has been upheld; public order has been maintained. We have prospered at home and prestige abroad.

"Unfortunately the threat of 1896 has just been renewed by the allied parties without abatement or modification. The gold bill has been denounced, and its repeal demanded. The menace of 16 to 1, therefore, still hangs over us, with all its dire consequences to credit and confidence, to business and industry. The enemies of sound currency are rallying their scattered forces. The people must once more unite and overcome the advocates of repudiation, and must not relax their energy until the battle for public honor and honest money shall again triumph.

"A congress which will sustain, and if need be, strengthen the present law, can prevent a financial catastrophe, which every lover of the republic is interested to avert."

Concerning our insular possessions he said:

"Spain has been ejected from the Western hemisphere and our flag floats over her former territory. Cuba has been liberated and our guarantee to her people will be sacredly executed. A beneficent government has been provided for Puerto Rico. The Philippines are ours and American authority must be supreme throughout the archipelago. There will be amnesty, broad and liberal, but no abatement of our rights, no abandonment of our duty. There must be no scuttling policy. We will fulfill in the Philippines the obligations imposed by the triumphs of our arms and by the treaty of peace; by international law; by the nation's sense of honor; and more than all, by the rights, interests and conditions of the Philippine people themselves. No outside interference blocks the way to peace and a stable government. The obstructionists are here, not elsewhere. They may postpone, but they cannot defeat the realization of the high purpose of this nation to restore order to the islands and to establish a just and generous government, in which the inhabitants shall have the largest participation for which they are capable."

Concerning China, he said:

"The sudden and terrible crisis in China calls for the gravest consideration, and you will not expect from me now any further expression than to say that my best efforts shall be given to the immediate purpose of protecting the lives of our citizens who are in peril with the ultimate object of the peace and welfare of China, the safeguarding of all our treaty rights and the maintenance of those principles of impartial intercourse to which the civilized world is pledged."

Closing he said:

"We have been moving in untrodden paths, but our steps have been guided by honor and duty. There will be no turning aside, no wavering, no retreat. No blow has been struck except for liberty and humanity, and none will be. We will perform without fear every national and international obligation."

JURY SECURED

TRIAL OF POWERS WILL SOON BE UNDERWAY.

Jury Stands 10 Goebelites, 1 Independent and 1 Republican—Panel Completed This Morning.

GEORGETOWN, July 13.—The selection of the jury in the Powers case created much contention yesterday afternoon. There were rejections and exceptions. Finally the commonwealth announced it would accept the jury as it stood. Its make up was one Republican, one Independent Democrat, one Prohibitionist with Democratic leaning and nine regular Democrats. At 3 p. m. the counsel for the defense retired to decide upon their peremptory challenges. They returned at 4 and excused Messrs. Sprake, Ziesing, Hook, Franks, Robinson, Cannon and Jamison. This left eight challenges for the defense and three for the commonwealth. The work of refilling the jury box was begun at once and lasted until court adjourned. Today the jury was completed and formally sworn in. The commonwealth exhausted its peremptory challenges by excusing a known Brown Democrat and the defense finished its challenges after having accepted those known to be Goebelites.

Colonel Owens, who was struck by a street car last night and painfully hurt, appeared in court on crutches, over the doctor's protest, to conduct the defense.

It was 11:20 when the jury was completed and sworn in. Court then adjourned until 2 o'clock, when it was announced the case would be started. Campbell is to present the prosecution and there is much interest to hear what he will allege as proof.

The jury as sworn in is composed of B. F. Ford, W. O. Tindler, A. W. Craig, W. P. Munson, George Murphy, W. H. Oldham, Alonzo Kenner, J. T. Crosswhite, J. T. Mulberry, Harris Musselman, ten Goebelites; J. G. Stone, Prohibitionist, and J. C. Porter, Republican.

It is reported that a party of mountaineers here were overheard plotting to kidnap Governor Taylor and return him to Kentucky.

MILITARY COMPANY.

About Forty-five Names Have Thus Far Been Enrolled.

The new military company that is being organized here has 45 or more signers already, and the young men are beginning to take a great deal of interest in it.

Mr. Ross Ware is one of the prime movers in the organization, but it is said Capt. B. B. Davis will be asked to take the captaincy.

Secretary Heath.

CLEVELAND, O., July 13.—After a conference of leading Republicans at Senator Hanna's home it was today announced that Perry Heath will be the new secretary of the national committee. The committee itself has not been fully named as yet.

Used Insulting Language. Scott Sink, a fisherman, was arrested this morning by Deputy Chain-gang Boss Linn on a charge of abusing Wm. Brown, the fish merchant. He was locked up to await a hearing before Judge Sanders tomorrow.

Bank Closes Doors.

NEWARK, N. J., July 13.—The Dime Savings bank of this city has closed its doors. Treasurer Westervell has been jailed charged with a large theft of the bank's money.

Shocking Stories Which Come from China, Relative to Fighting and Prospects Hereafter.

UNITED STATES WANTS INFORMATION

LONDON, July 13.—"We are near the end. Good-by." This is the last message by courier from Sir Robert Hart in Peking. It bears date of June 25, 18 days ago, and was received at Che-Foo yesterday afternoon.

A private letter, also dated June 25, has reached Tien-Tsin, which says: "We are in danger of death. Thirty thousand troops are attacking. Only three days' food is left. No news comes of troops. If no relief comes all seems hopeless. Mallen's store has been burned and the hotel de Peking bombarded. The Italian, Dutch, American and parts of the British legations have been burned."

The following paragraph is taken from an edict by Prince Tuan: "The anger of our people knew no bounds. They could not be restrained. The task of guarding the legations, which before was difficult, was made impossible."

Officials here consider this a partial lift of the veil from the tragedy of the century, and intended to pave the way for final disclosures of the awful butchery.

CHE-FOO, July 13.—With great slaughter the forces of foreign powers have been defeated at Tien-Tsin. The eastern arsenal, recently captured by allied troops, has been reoccupied by Chinese under General Mah, after an engagement lasting six hours. During the engagement Admiral Seymour received another wound. The yellow fanatics are following up their success by looting all Christian residences. An urgent appeal has been sent by

The Misses Bell

Complexion and Hair Specialists.

The brilliant complexion of women in the most exclusive circles of New York society are not explained by the theory that associates beauty and idleness. In fact, many leaders of the world of fashion are hard workers. Yet they keep their good looks even when they are old. How do they manage it? THE MISSES BELL, of 78 Fifth Avenue, New York, themselves connected with some of the most noted and honored families in the metropolis, have answered the question. They have prepared for the use of women in general, five preparations for improving the complexion and the hair.

Five Toilet Treasures.

The Misses BELL'S COMPLEXION TONIC

It is an external application, the presence of which on the face cannot be detected. It is perfectly harmless even to the most delicate skin. It is a sure and quick cure for all roughness and eruptions. It acts on the skin as a tonic, producing a naturally pure complexion, even to the most delicate skin. The Tonic gets rid of them.

It removes pimples, freckles, blackheads, moles, patches, liver spots, eczema, redness, oiliness and all discolored and imperfect skin. Price, \$1 a bottle.

The Misses BELL'S COMPLEXION SOAP

It is made from the purest oil of lavender. It is healing and gratifying to the skin, keeping it at all times in a clean and healthy state. This soap is distinctly colored, and is a most welcome aid to the toilet of fastidious women. The utmost care is taken in selecting materials and scrupulous cleanliness in the laboratory insures the purity of the product. Price, 25 cents per cake, large four-ounce box.

The Misses BELL'S HAIR TONIC

It cures dandruff and prevents any return of it; stops the annoying itching of the scalp, and makes the hair strong, soft and lustrous. It is especially helpful to persons whose hair is thin, dry and liable to fall out. The tonic cleanses the scalp, and the hair will grow again. It soon covers bald spots with a handsome growth. Price, \$1 a bottle.

The Misses BELL'S CAPILLA-RENOVA

For restoring prematurely gray locks to their original color. It is not a dye, nor a stain. It is a colorless liquid that is applied to the roots of the hair and leaves no telltale signs on the scalp or forehead. Neither does it change the color of the hair at all. Only dyes do that, and they wash off. Price, \$1.50 per bottle.

The Misses BELL'S SKIN FOOD

It is a soft, creamy, exquisitely perfumed ointment, which helps the action of the Tonic, and, in mild cases of roughness, redness, pimples, etc., is a cure in itself. It cleans the pores of the skin of all impurities and feeds it by building up the texture and making the skin beneath it solid and firm. Price, 75 cents per jar.

FOR MALARIA, CHILLS AND FEVER.

The Best Prescription Is Grove's Tasteless Chill Tonic.

The Formula Is Plainly Printed on Every Bottle, So That the People May Know Just What They Are Taking.

Imitators do not advertise their formula knowing that you would not buy their medicine if you knew what it contained. Grove's contains Iron and Quinine put up in correct proportions and is in a Tasteless form. The Iron acts as a tonic while the Quinine drives the malaria out of the system. Any reliable druggist will tell you that Grove's is the Original and that all other so-called "Tasteless" chill tonics are imitations. An analysis of other chill tonics shows that Grove's is superior to all others in every respect. You are not experimenting when you take Grove's—its superiority and excellence having long been established. Grove's is the only Chill Cure sold throughout the entire malarial sections of the United States. No Cure, No Pay. Price, 50c.

He is not poor that hath little, but he that much desires.—Daniel.

Pointers are no judgments so harsh as the words of the erring, the inexperienced, the young.—Miss Mulock.

It is wonderful to see persons of long standing away a dozen hours to be so smiling and dividing a pack of cards.—Addison.

FRIDAY, JULY 13, 1900.
REPUBLICAN TICKET.
For President,
WILLIAM M. KINLEY,
Of Ohio.
For Vice President,
THEODORE ROOSEVELT,
Of New York.

Tomorrow at 2 p. m. the Democrats throughout the state are to meet at their respective voting places to name and instruct delegates to county convention to be held Monday to appoint and instruct delegates to a state convention to be held on the 19th, in Lexington, at which a candidate for governor will be chosen. There is very little interest in the contest and the promise is that the county conventions will prove very tame affairs. The nomination of the gang leader, Beckham, seems a foregone conclusion, for the gang followers seem to hold the reins.

Citizens are endeavoring to settle the street car strike in St. Louis by arbitration.

The St. Paul Globe, the ablest Democratic paper in Minnesota, and the peer of any in the union, has lashed the nomination of Bryan and exorciates the platform.

James H. Eckles, comptroller of the currency under President Cleveland, announces himself as opposed to the election of Mr. Bryan, and gives most cogent reasons for his opposition, other than those connected with the currency. Mr. Eckles says he is still a sound money Democrat and will vote for President McKinley. Between Republicanism and Populism, filtered through the channels of Bryanism, he prefers Republicanism.

Democrats, Populists, Greenbackers, Silver Republicans and Webster Davis "jabbed" over the result of the action of the Kansas City convention at Lincoln on Tuesday. It was a conglomerated gathering.

Some people are joining us in the cry for civil liberty and we want the world to remember that with corrupt courts, and slavish sheriffs, and mercenary looters after us all, it is well to beg for a little personal liberty. When the jail, the finding of a grand jury under the manipulation of a renegade from Ohio, who cares not half as much for a Kentuckian as for an ox, is after us, we need some assurance that we will not be subjected to extreme punishment before we are proven guilty of any crime.

The Democrats are no longer a party of principles, but of expediency.

"Democratic party" is a misnomer. Even Popocrat, would fail to describe the socialistic cabal, under that name, lately held at Kansas City.

"Bryanites" alone will serve as a party name for the late national cabal at Kansas City, since he was the sole dictator and autocrat of all its proceedings.

The Democratic oligarchy, rehabilitated at Kansas City, left Waterson out of the governing junta and it is not surprising that he knifes the platform while pretending to support the ticket. "Hall W. J. Bryan, the king of Lincoln, Neb.," should have been the shout of that journal.

Irredeemable greenbacks, to the extent of \$5000 per inhabitant, would be practically the same thing as 16 to 1 and free coined silver. If the people are ready for that, and to pay \$1 a bushel for meal, \$10 a barrel for flour, 30 cents a pound for bacon, 30 cents per pound for choice cut of beef, 30 cents per gallon for coal oil and other necessities in proportion, they should vote for Bryan and get a cloth coat for \$20.

The Republicans of McCracken county should turn out and attend the convention tomorrow. It is true there is but one office to fill and one candidate to name, but your attendance at the convention tomorrow will prove that you are still interested in the fight for your liberty to vote, and it will show the Goebel Democratic contingent that the Republicans are not, and will not be bluffed. It will demonstrate your purpose to fight for your rights until the last ditch is crossed. So turn out notwithstanding the fact that Hon. John W. Yerkes is virtually nominated. Let the Republicans of Kentucky demonstrate in Louisville what those of the nation did at Philadelphia—their love, esteem, regard, enthusiasm, and confidence for the man with popularity enough to be the unanimous choice of his party.

It is such little regard for health and recreation that give this climate the record of being full of malaria and not healthy. With proper attention paid to sewerage, sprinkling, the collection of offal, there is no reason why Paducah should not be as healthy as any city in the United States. Stop the draining of kitchen sinks and bath tubs into our gutters, stop this throwing of dead rats, cats, and other offal into the streets, flush the gutters as they should be, and then by all means sprinkle the streets. With these matters having proper attention Paducah will be a healthier city and her people could feel they were deriving some benefit from the \$156,000 they are forced to pay as taxes.

No man can truthfully utter a word against the Hon. John W. Yerkes. He is the embodiment of honor, sincerity, intelligence and good judgment, a true Christian gentleman capable of creditably filling the high office of governor of Kentucky.

Has the council closed the deal to improve Broadway according to the law? There are reports and allegations to the contrary. The bid called for a bond both to do the work and to keep it in repair for five years—and it specifies the character of bond—but the work is going on and it is said no bond has been given. If this is true the fact is startling. Does the city want a rotten piece of work on Broadway and does it want to have to pay for the rebuilt side walks? Perhaps not, but this is what will be the result. The letter of the bid as well as the contract must be carried out, or there will be trouble and trouble when settling day comes. And this is no joke, nor is it carping.

NINE TICKETS.

Voters Will Doubtless Be Able to Satisfy Their Whims from This Lot.

On January 27 the Socialist Labor party at Rochester nominated Job Harriman of California for president and Max S. Hayes of Ohio for vice president.

2. On March 6 the Social Democrats put up at Indianapolis Eugene V. Debs of Indiana for president and Job Harriman for vice president.

3. On May 23 at New York the De Leon Socialists nominated Joseph F. Maloney of Massachusetts for president and Valentine Remmiff of Pennsylvania for vice president.

4. On May 1 at Rock Island, Ill., the United Christian party nominated the Rev. S. C. Swallow of Pennsylvania for president and John G. Woolley of Illinois for vice president.

5. On June 28 at Chicago the Prohibition party nominated John G. Woolley of Illinois for president and Henry B. Metcalfe of Rhode Island for vice president.

6. On May 9 the Middle-of-the-Road Populists met in convention at Cincinnati and proceeded to nominate Wharton Barker of Pennsylvania for president and Ignatius Donnelly of Minnesota for vice president, thereby ratifying the action of an earlier convention held in Cincinnati on September 5, 1898.

7. The same day the Fusion Populist convention met at Sioux Falls. It nominated William Jennings Bryan of Nebraska for president and Charles A. Towne of Minnesota for vice president.

8. On June 19 at Philadelphia the Republican party met in convention and nominated unanimously William McKinley of Ohio for president and Theodore Roosevelt of New York for vice president.

9. On the Fourth of July the Democratic party met at Kansas City and placed in the field William J. Bryan for president and Adlai E. Stevenson for vice president.

Advice to Populists.

It is certain that the self-respecting members of the Populist party, in Kentucky at least, will not vote the Democratic ticket this fall. Their grievances elsewhere are nothing to what they are in Kentucky. They have been disfranchised by the Democratic party and have been denied all the privileges of a party. They are refused not only officers of election, but even inspectors at the count. They were insulted last fall in every way by the Democratic machine, and their votes were shamelessly stolen. If they desire the party to exist in Kentucky they must unite in shattering the Democratic machine—Louisville Post.

Doesn't Mean Much.

All this talk of harmony has a sweet sound and tickle the ear, but it doesn't mean much. It is intended to catch suckers. The suckers are wary. The case could not be better put in a few words than as the Lexington Herald says: "The anti-Goebel, the anti-Campbell Democrats are not going into the primaries now approaching; they have no idea of being bound to submit to whatever action the Lexington convention takes. They have made up their minds to smash the present machine and to make every Democratic nomination equivalent to a defeat until the Goebel law is repealed. And every day's delay in calling the

DIDN'T WORK.

They Discovered Him Before He Had Time to Steal.

Officers Gourinoux and Singery were called to Planary's grocery, on South Second street, last night about 8 o'clock by the report that a burglar was inside. A customer had gone to the grocery and saw a man inside, although the door was locked. He rattled the door to attract attention and the man, who was crawling about behind the counter, precipitately fled out the back door. It is supposed he concealed himself inside before the place was locked up with the intention of burglarizing it.

THE INSTITUTE CLOSED.

McCracken County Teachers Held a Profitable Session.

The McCracken County Teachers' Institute closed today, ending a five days' pleasant and profitable session, which has been attended daily by an average of 40 teachers.

Prof. Joseph Ragsdale has made an excellent conductor, ably assisted by County Superintendent James Hughes, and the teachers all return home feeling that they have been much benefited by the institute.

HUNDREDS HURT

BIG OIL TANK IN A RAILROAD YARD EXPLODES.

An Ugly Fire Results Very Disastrously to a Great Many Persons, Two of Whom Are Dead.

SOMERVILLE, Mass., July 13.—An oil tank in the railroad yards here exploded last night. One hundred persons were injured. Two have since died and several are fatally hurt. An ugly fire followed the explosion.

SUICIDE AND MURDER.

The Stories Which Come from Cape Nome Not Golden Ones.

SEATTLE, Wash., July 13.—The stories which come from Cape Nome are shocking. The boom has collapsed and nothing could equal the gloom and depression that are settling over the supposed new El Dorado camp. Hundreds of weary voyagers are eager to return home, but are unable to raise the passage money. Men unused to hard manual labor are working as stevedores and longshoremen for the necessaries of life. There are 20 applicants for every vacant job.

The beach is completely worked out and is strewn with gold extracting machines that could not make enough to pay the operating expenses.

Suicides are frequent and murders are of daily occurrence. One woman, insane from poverty, killed her husband and then committed suicide.

HANSLEY HELD.

The Police Court Docket This Morning Was Very Short.

Mary Hansley, the colored woman arrested in Cairo several days ago and brought back on a requisition, was yesterday afternoon late held to answer in the police court on a charge of maliciously cutting Angie Singleton. Her bond was fixed at \$300, in default of which she went to jail.

This morning Joe Davis and Tom Watson, for riding with disreputable characters, were fined \$5 and costs each.

Jack Eaker and Arthur Crawford for a breach of the peace, were arraigned and Eaker was dismissed, while Crawford's case was continued.

SOCIETY EVENT.

Gray-McCollum Wedding to be Solemnized at Kuttawa.

One of the most important events in Kuttawa society circles is the marriage at the Baptist church, July 25, of Mr. Nathan O. Gray, a well known river and business man, and extensively engaged in iron ore mining, and Miss Ethel McCollum, a charming young woman, sister of Mr. W. H. McCollum. Many prominent people from Louisville, Nashville and other cities will be present.

SUED FOR SERVICES.

Doctor in Crittenden County Has Been Awarded \$345.

An interesting case has been decided at Marion, Crittenden county. Dr. J. R. Clark sued the county for \$615 for services as health officer during the smallpox epidemic. The jury gave him a judgment for \$345. According to report the jury on first ballot stood: Four for \$500; four for \$300; one each for \$245, \$450, \$350 and \$300.

CARS OFF.

Passenger Trains Were All Delayed Yesterday Afternoon.

Local No. 195, in charge of Conductor Wolf, had a car derailed by trucks giving way on Tennessee river bridge yesterday afternoon, delaying the two Louisville passenger trains about five hours.

The wrecking train was sent out from the city and did good work. No one was hurt and the damage was slight.

Argonaut's Trial Trip.

BRIDGEPORT, Conn., July 13.—The submarine boat Argonaut, invented by Simon Lake of Baltimore, Md., made a trial trip off this harbor with thirteen guests on board. Three miles out the boat was submerged to a depth of thirty feet. The trap door in the diver's apartment was then opened, the water being kept out by compressed air at twelve-pound pressure, and the divers passed out through the door. The boat was submerged for four hours and was propelled along for several miles.

The Argonaut was built at a cost of \$75,000. She is a surface boat, a diving machine and a sea bottom craft combined. The hull is a steel cylinder, 36 feet long and 9 feet in diameter, stoutly braced on the inside so as to withstand great pressure from without. Rising two and one half feet from the highest point of the curving deck is a circular conning tower, through which is the only entrance to the interior of the craft.

Below the water line are curious appliances which make the boat able to swim or crawl. On each side is a big wheel, which extends below the bottom of the boat. At the stern is a third. On these the boat travels along the ocean, sea or river bed. The side wheels are also the propellers.

the rear wheel serves to steer the craft. The boat's keel is 4 1/2 feet above the ocean's bed when the big propellers rest on it. To leave the boat the diver passes into an air-lock, closes the door behind him and then passes into the diving chamber.

The Argonaut can make five knots an hour on the surface and about seven when crawling on the bottom.

Observations ...at Random

The Elks excursion announced for
tonight has been indefinitely postponed
on account of the failure of the big
barges they intended to use failing to
arrive. It is expected daily, and when
it comes due announcement will be
made of the date of the excursion.
The barge is a regular excursion boat
and has a capacity of 500 people.

The condition of Broadway for two
blocks is now something awful, but it
cannot be helped, as every city has to
go through similar inconvenience
when constructing paved streets. It
is thought, if there are no unforeseen
delays, that the four blocks ought to
be finished long before October 1.

Officers Gourieux and Singery in
catching the two safe blowers Monday
have added to their laurels. It was
only a few weeks ago that they caught
Will Leech, the negro who had been
burglarizing the wholesale groceries so
persistently, in the very act, for which
they received a handsome purse. The
officers are among the most popular on
the force, and can always be counted
on when needed. They had the safe
blowers within a few moments of the
time the safe was cracked and estab-
lished such a strong case that the men
were held and their bonds were raised
to \$1500 each.

The full title of "the 263d pope,"
Leo XIII., who was born March 2,
1810, and elected February 20, 1878,
is given by the Westminster Gazette,
quoting from the official publication
of the Papal court.

It runs as follows: "Vicar of Jesus
Christ, Successor of the Prince of the
Apostles, Supreme Pontiff of the Uni-
versal Church, Patriarch of the West,
Primate of Italy, Archbishop and
Metropolitan of the Ecclesiastical
Province of Rome, Bishop of the Dioc-
ese of Rome, Sovereign of the Secular
Possessions of the Holy Roman
Church."

The late Mercer Beasley, for 33
years chief justice of the supreme
court of New Jersey, was found re-
lating two experiences, hitherto un-
published, which befell him a year or
two before his death, says an exchange.
The distinguished jurist, as many
Jersey men know, had a rugged ap-
pearance that might easily have been
attributed to the advantages of a hu-
colic life.

As he stood gazing into a Nassau
street shop window in New York city
one day, an engaging youth greeted
him with a cheery:

"Hello, stranger, what might be
your business?"

"Well," answered the chief justice,
when he had recovered from the shock
of having been taken for "come-on-
"

"I've been engaged for many years in
sentencing just such fellows as you
are to state prison."

"I shan't court your acquaintance
any further," commented the nice
young man, as he slipped into a con-
venient corridor and disappeared.

By virtue of the law supreme court
justices are permitted to ride free on
any railroad in this state. Each mem-
ber of the court, therefore, carries a
pass which he is expected to show to
conductors in lieu of a ticket. A
train which the chief justice had
boarded got under way before he dis-
covered that he had mislaid his pass.

"Tickets, please!" said the conduc-
tor, thrusting his hand toward him.

"I have't any," was the reply.

"I've mislaid my pass and I want to
go to Trenton."

"The fare," observed the conductor,
"will be \$3.25 unless you can show
authority for a free ride."

"My only authority for it, then,"
the jurist explained, "is the fact that
I happen to be the chief justice of the
supreme court of New Jersey."

"How am I to tell that?" queried
the conductor; "the statutes give no
clue to the identity of the chief jus-
tice."

"True indeed," said the Trenton bound
passenger; "but," he added, and there
was a merry twinkle in his eye, "they
ought to do so."

Chief Justice Beasley rode to Tren-
ton free.

NEWS NOTES.

The aggregate casualties to the Eng-
lish army in South Africa have been
48,188 officers.

A. H. Fuchs, millinery dealer in
St. Louis, has assigned.

The Count and Countess Prince
Magir and Baron Magir are in Amer-
ica, just over from Scotland. The
Countess is none other than the fa-
mous midjet familiarly known as
Mrs. Tom Thumb. After the death
of the General, Mrs. Thumb married
the Count Magir, himself a midjet,
and only a trifle taller than the fa-

visit his daughter, Mrs. Hawthorn
Hill at Flushing, N. Y. Neither the
police or his friends have been able
to locate him.

Last year there were coined 33,000,
more pennies than the year before, and
the coinage of nickels, dimes, quar-
ters and halves increased largely. In
dollars and cents the increase in minor
coinage for the fiscal year is about
\$3,700,000.

The report of the United States As-
say office at Seattle for the fiscal year,
ending June 30, has just been issued.
During that time 50,883 deposits, ag-
gregating \$13,630,326.58 have been
received. This is more than double
the amount received for the year
ending June 30, 1899, when the de-
posits numbered 5439 and represented
a value of \$6,504,952.64.

At Rochester, N. Y., while testing
a telescope lens employees of an optica
factory accidentally focused the in-
strument on a bridge half a mile
away. A man was seen to remove a
tub of butter from a farmer's wagon
and secrete it. The police were no-
tified by telephone, the butter recover-
ed and the thief arrested.

CHARM OF COUNTRY LIFE.

He Who Has Once Lived Close to Nature is
Never Lured Away.

"It is true," writes Edward Bok, in
the July Ladies' Home Journal, pre-
sented the inestimable advantage of
living in the country, "that the busi-
ness man cannot remain at home and
do his work away from the marts.
But he can do the next best thing:
he can leave the marts behind him at
the close of day and refresh himself a
complete change of environment.
Even if he does only what some men
seem to deem not worth while—that is
to say, if he only sleeps in the country
—he gains the advantage of sleeping
in a pure air, which he never gets and
cannot get in the city. That blessing
alone is worth all to him that it may
cost him in a little longer travel each
day and from his place of business.
And with the ever increasing extension
of railroad facilities for suburban liv-
ing nowadays, which condition ap-
plies to all our cities, a man can, in
nearly every city, reach some suburb
almost as quickly as he can go 'up-
town.' Because it is dark when he
gets home is no reason why he should
refuse to live in the country, since it
is not a particle less dark when he
reaches his city residence. The truth
is that there is a deal of objection to
suburban living in the winter which
is purely fancied: a truth which
thousands of men have found out for
themselves when once they could
make up their minds to make the ex-
periment. For it is a singular fact
that once a man moves into the
country a yoke of oxen cannot drag
him back into a city life."
